

Case of the Jungle Map Snatcher

Grade 2 math · Place value, Addition, Subtraction, Skip counting, Missing addends · Reading level grades 1-2

Detective: _____ Date: _____

Someone grabbed the Camp Leader right out of her tent at Camp Greenleaf. The Snatcher also took the big treasure map! Now it is up to you to read the clues and find the Map Snatcher.

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Map Snatcher is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Missing addends - the last clue**

The thief needs one more number to open the gate. Find the missing part to lock them out.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$2 + \underline{\quad} = 3$

$3 + \underline{\quad} = 8$

$4 + \underline{\quad} = 7$

$5 + \underline{\quad} = 11$

$1 + \underline{\quad} = 9$

$7 + \underline{\quad} = 19$

$4 + \underline{\quad} = 14$

$6 + \underline{\quad} = 13$

$6 + \underline{\quad} = 15$

$1 + \underline{\quad} = 12$

$2 + \underline{\quad} = 4$

Step 2 - cross out the sentence with each answer:

1. The villain swings on the long ropes, then digs with the shovel.
2. The villain swings on the long ropes, then throws the rope.
3. The villain sneaks past the snakes, then spins the compass.
4. The villain climbs the tall vines, then spins the compass.
5. The villain climbs the tall vines, then throws the rope.
6. The villain swims the fast river, then throws the rope.
7. The villain climbs the tall vines, then swings the lantern.
8. The villain swings on the long ropes, then tosses the net.
9. The villain sneaks past the snakes, then throws the rope.
10. The villain sneaks past the snakes, then digs with the shovel.
11. The villain climbs the tall vines, then digs with the shovel.
12. The villain climbs the tall vines, then tosses the net.
