Grade 4 math · Multiplication, Rounding, Addition, Subtraction, Division · Reading level grades 1-2

Detective: _____ Date: _____

Someone broke the grand diamond monument in Pixel Hills! The Chief Builder needs your help to find the sneaky Griefer.

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Griefer is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Division facts (1-12) - the last clue**

We must share these golden apples equally. Let us divide them up to get the final clue.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$77 \div 7 = \boxed{}$

$2 \div 1 = \boxed{}$

$28 \div 7 = \boxed{}$

$72 \div 8 = \boxed{}$

$30 \div 10 = \boxed{}$

$24 \div 3 = \boxed{}$

$63 \div 9 = \boxed{}$

$24 \div 4 = \boxed{}$

$2 \div 2 = \boxed{}$

$50 \div 5 = \boxed{}$

$10 \div 2 = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain chops down the giant trees, then runs fast in heavy obsidian boots.
2. The villain swings a sharp sword, then powers up with a redstone vest.
3. The villain scoops up the path, then slides on cold ice pants.
4. The villain scoops up the path, then bounces away on green slime boots.
5. The villain scoops up the path, then powers up with a redstone vest.
6. The villain digs a deep tunnel, then bounces away on green slime boots.
7. The villain digs a deep tunnel, then slides on cold ice pants.
8. The villain digs a deep tunnel, then glows brightly in a glowstone crown.
9. The villain swings a sharp sword, then glows brightly in a glowstone crown.
10. The villain swings a sharp sword, then runs fast in heavy obsidian boots.
11. The villain chops down the giant trees, then powers up with a redstone vest.
