

The Case of the Antel Clones

Grade 5 math · Fractions of a number, Order of operations, Multiplication, Rounding, Division · Reading level grades 3-4

Detective: _____ Date: _____

The sneaky Antel has created a whole bunch of clones to steal all the cream puffs in Forest Town! Sheriff Labrador, Officer Dobie, and Officer Papillon are on the case. They must find the real clone culprit before the pastries vanish forever!

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Antel clone is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Division facts (1-12) - the last clue**

The officers find a box of dog treats left behind. They share them equally among the police dogs to find out how many are in each bag.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$72 \div 6 = \boxed{}$

$110 \div 10 = \boxed{}$

$18 \div 6 = \boxed{}$

$21 \div 3 = \boxed{}$

$5 \div 1 = \boxed{}$

$36 \div 4 = \boxed{}$

$60 \div 6 = \boxed{}$

$24 \div 12 = \boxed{}$

$42 \div 7 = \boxed{}$

$2 \div 2 = \boxed{}$

$56 \div 7 = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain zoomed past the pastry shop, then stole the metal prize keys.
2. The villain blasted open the cookie vault, then kicked a stack of flour sacks.
3. The villain jumped over the safety fence, then stole the metal prize keys.
4. The villain blasted open the cookie vault, then stole the metal prize keys.
5. The villain projected a fake copy of herself, then dropped a smoky decoy bottle.
6. The villain projected a fake copy of herself, then glued the police cruiser tires.
7. The villain blasted open the cookie vault, then glued the police cruiser tires.
8. The villain projected a fake copy of herself, then kicked a stack of flour sacks.
