

The Case of the Goal Snatcher

Grade 3 math · Place value, Addition, Subtraction, Multiplication, Division · Reading level grades 3-4

Detective: _____ Date: _____

It was the final whistle, and the Sunburst Strikers had just won the cup. But when the team turned around, their captain was gone, and so was the Golden Boot trophy. Now it's up to you to track down the sneaky Goal Snatcher before the next kickoff.

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Goal Snatcher is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Division facts (1-12) - the last clue**

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$48 \div 4 = \boxed{}$

$9 \div 3 = \boxed{}$

$120 \div 12 = \boxed{}$

$110 \div 10 = \boxed{}$

$30 \div 6 = \boxed{}$

$36 \div 6 = \boxed{}$

$16 \div 2 = \boxed{}$

$21 \div 3 = \boxed{}$

$8 \div 4 = \boxed{}$

$81 \div 9 = \boxed{}$

$12 \div 3 = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain powers in a header at the door, then spins past the goalie and bolts.
2. The villain blasts a bicycle kick over the bench, then makes a diving save by the gate.
3. The villain bends a curve shot past the guards, then hurls a long throw over the wall.
4. The villain slides in with a sneaky tackle, then lands a backflip kick on the way out.
5. The villain fires a rocket volley down the hall, then spins past the goalie and bolts.
6. The villain blasts a bicycle kick over the bench, then spins past the goalie and bolts.
7. The villain blasts a bicycle kick over the bench, then hurls a long throw over the wall.
8. The villain powers in a header at the door, then makes a diving save by the gate.
9. The villain powers in a header at the door, then nutmegs the security guard.
10. The villain slides in with a sneaky tackle, then nutmegs the security guard.
11. The villain fires a rocket volley down the hall, then lands a backflip kick on the way out.
12. The villain slides in with a sneaky tackle, then hurls a long throw over the wall.
