Grade 4 math · Multiplication, Rounding, Addition, Subtraction, Division · Reading level grades 3-4

Detective: _____ Date: _____

The grand finale of the National Gymnastics Cup is about to start! But oh no! Someone broke into the gear room and swapped the real medals with chocolate ones. The Head Coach needs your help to find the sneaky Gymnastics Glitcher before the awards ceremony begins!

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Gymnastics Glitcher is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

Multiplication facts (1-12)

The coach counts the stacks of leotards. There are several neat rows with the same number of leotards in each row. Let us multiply to find the total and unlock a clue.

Solve each problem, then write its letter in every clue box that shows the same number.

The team wants to share a big bag of hair ribbons. Divide the ribbons equally among the active gymnasts to solve this final clue.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$20 \div 5 = \boxed{}$

$35 \div 7 = \boxed{}$

$6 \div 1 = \boxed{}$

$99 \div 11 = \boxed{}$

$24 \div 12 = \boxed{}$

$21 \div 3 = \boxed{}$

$1 \div 1 = \boxed{}$

$32 \div 4 = \boxed{}$

$50 \div 5 = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain swings smoothly on the uneven bars, then takes the custom chalk tub.
2. The villain vaults clean over the judge table, then pockets the gold medals.
3. The villain does a giant swing over the vault, then pockets the gold medals.
4. The villain vaults clean over the judge table, then steals the team music player.
5. The villain swings smoothly on the uneven bars, then snatches the golden trophy.
6. The villain does a giant swing over the vault, then takes the custom chalk tub.
